Principal's Word

I take pleasure in presenting yet another edition of the Annual Report for the academic year 2022-23. Although there was Carona pandemic, the session witnessed a flurry of activities - curricular, co curricular and extracurricular organized via online. It's with great pride. I wish to put on record that the staff and students of TCSW contributed immensely by undertaking awareness, relief and counselling activities and offered all possible help to the society.

The teaching and non teaching staff have displayed their untiring commitment which has been chiefly instrumental in raising academic acumen of teachers and students alike. It is only due to the efforts of teaching staff and constant guidance and inspiration from the governing body, the college continues to dominate in central India so far as professional Social Work Education is concerned. The students of the college have also done a commendable work in academics as well as in extra - curricular activities. I am happy to note that as recommended by the last visiting Peer team, the college applied for the Autonomous status and the UGC New Delhi has conferred autonomy upon the college in February 2019. This is our third year of autonomy. This provides a distinction to Tirpude College of Social Work to be the first autonomous college imparting social work education in central India. We could initiate diploma course in counselling, one year diploma in school counselling and also successfully offered diploma course in hospitality management, event management and mass communication, certificate course in Corporate Social Responsibility and there was very good response to it.

I cannot conclude without acknowledging the support of Shri Rajkumar Tirpude, President, Ms. Vanita Tirpude our hon'ble working president, and Shri.Ganesh Gaurkhede, General Secretary of our parent body Yugantar Education Society in preparing students to face new challenges in lives and careers which in turn would provide us a better society to live in. I take this opportunity to further resolve along with my colleagues to utilize the newly acquired autonomy to the better benefit of all the stakeholders.

Thank you

Dr. Swati Dharmdhikari

Officiating principal

Research and publication is an integral part of social work education and learning. Here, not only the faculty is encouraged to undertake researches but for the students of B.S.W final year and M.S.W 3rd semester, it is mandatory to work on a research project; for B.S.W final in a group and for M.S.W individually. The concern committee organized various programmes on virtual mode throughout the year. Each and every faculty is given opportunity to assume leadership roles and creativity is put into practice for the greater welfare of the students and the college.

The college always encourages students to participate in workshops and seminars, which is duly acknowledged in the present report. Academic excellence is achieved through interactive activities like seminars, conferences and workshops. The faculty gets opportunity to organize, attend and contribute to such programmes. The students also participate and contribute at various levels, from volunteers to the level of participants. It helps in intellectual stimulation, in generating new knowledge and dissemination of information. The present report also includes the faculty's involvement in Professional Associations and functioning of University. We are happy to acknowledge participation of students in many activities and specially appreciate those who have brought laurels to the college.

D. SOCIAL WORK PRACTICUM

Practicum is an essential requirement for social work education. The trainees are given field experience along with classroom lectures. This not only helps in developing field based knowledge, skill and proper attitude among the students, but also enables them to be better professional.

The requirement for practicum is different for different classes as per the University specifications. In general, the practicum includes orientation-cum-structured laboratory experiences, concurrent placement, agency visits, and village camp and study tour.

Orientation and Structured laboratory experience is provided at the college level prior to the placement of the students. By and large integrated approach is followed at the Concurrent Practice level. However, for BSW 1st Sem, BSW 2nd sem, BSW 3rd Sem, BSW 4th sem, BSW 5th & 6th sem and MSW SEM I & II emphasis on Social Case Work, Social Group Work and Community Organisation is given the three are the primary methods. Community Organization has been given importance at the BSW final. MSW III Sem & IV SEM Social Work Practicum is based on their electives, in-depth practice of primary methods and use of secondary methods are also used in the field.
